Broadcast Coat - Pigmented Shop Floor (16 mils) with broadcast of flintshot aggregate
Waterproof Membrane - Elast-O-Coat (20 mils)
Primer/Moisture Barrier - (optional) Dur-A-Glaze MVP (16 mils)
Prepared Substrate - Concrete Surface Profile (CSP) of 2-3

SYSTEM OVERVIEW

SHOP FLOOR™ MR is a seamless, non-slip pigmented flooring system designed for heavy duty use in mechanical rooms consisting of an optional primer/moisture barrier, a waterproofing membrane, a single or double broadcast, and highly abrasion resistant/UV stable topcoats.

Dur-A-Flex Mechanical Room systems are designed to work seamlessly around all types of drains. Tech support is available to assist with construction documents and incorporate CAD details when required, eliminating rework and future repairs.

FEATURES & BENEFITS

- **Heavy Duty**
  Designed for constant traffic and high abrasion resistance

- **UV Stable**
  Years of service with no ambering or degradation due to UV exposure with the use of an Armor Top topcoat

- **Waterproofing Membrane**
  Stops water from penetrating the surface of the coating and damaging the substrate

- **Non Slip**
  Textured finishes aid in a safer floor, even when wet

- **Variable Install Window**
  Coat over green or 28+ day old concrete

COMMON USE SITES
