SYSTEM OVERVIEW

SHOP FLOOR™ is a seamless, slip resistant pigmented flooring system with a nominal 1/8" (when using double broadcast method) thickness consisting of 100% solids epoxy and natural quartz aggregates. It is ideal for industrial flooring applications and features a chemical, UV, and wear-resistant urethane topcoat.

FEATURES & BENEFITS

• **Heavy Duty**
Highly abrasion resistant, and designed for constant foot/vehicle traffic

• **UV Stable**
Years of service with no ambering or degradation due to UV exposure

• **Non Slip**
Textured finishes aid in a safer floor, even when wet

• **Variable Install Window**
Coat over new or old concrete
